MIAN MUNEEB RIAZ

WEB DEVELOPER • CREATIVE DESIGN & DIGITAL MEDIA SPECIALIST

PROFILE

Creative Design & Digital Media Specialist with hands-on freelance experience designing logos, banners, advertisements, restaurant menus, resumes, and social media graphics using Canva. Currently building web development skills in HTML, CSS, and JavaScript, with a focus on combining strong visual design sense with clean, functional front-end code. Comfortable with basic Adobe Photoshop for image editing, CapCut for video editing, and Microsoft Office (Word, Excel, PowerPoint). A quick learner with excellent communication, creativity, and problem-solving skills, eager to contribute to a professional team and grow within the creative and web development industry.

WORK EXPERIENCE

Graphic Designer (Freelance)

2023 – 2025

Self-Employed | Duration: Approx. 1.5 – 2 Years

- Designed logos, banners, advertisements, restaurant menus, resumes, and social media graphics using Canva.
- Created customized designs based on client requirements while maintaining high visual quality.
- Edited images using Adobe Photoshop (Basic) and produced short promotional videos using CapCut.
- Prepared professional documents and presentations using Microsoft Word, Excel, and PowerPoint.
- Managed multiple projects independently, meeting deadlines and maintaining effective communication with clients.
- Delivered high-quality content based on client requirements while ensuring clarity, accuracy, and timely delivery.

Web Developer (HTML, CSS, JavaScript)

In Progress

Building Front-End Development Skills

- Learning and practicing front-end web development using HTML, CSS, and JavaScript.
- Building responsive, well-structured web page layouts and UI elements.
- Applying design background to create visually clean and user-friendly web interfaces.
